

TO THE GLORY OF THE GREAT ARCHITECT OF THE UNIVERSE

TO THE GRAND MASTER OF THE GRAND LODGE OF SPAIN
Most Worshipful Brother Oscar de Alfonso Ortega

Madrid, 16th November, 2019

Most Worshipful Brother:

- Our Order, the Grand Lodge of Spain, is engulfed by a situation where we lack an explicit, inclusive and exciting project for the future of the Grand Lodge of Spain, where the projection of the Grand Lodge of Spain within society is ambiguous when not indecent and where there is, in consequence, a lack of fraternal harmony.
- The Brethren of the Grand Lodge of Spain are enduring a situation of flagrant disregard of our own Masonic rules and the laws of the Spanish State which relate to associations such as the Grand Lodge of Spain. Vacancies of the elected offices of Grand Speaker (Gran Orador) and Grand Treasurer have concentrated in the Grand Master all the governing power of the Grand Lodge of Spain without the control of the Grand Speaker (Gran Orador) and the Grand Treasurer or any other organ of the Institution.
- The Grand Lodge of Spain is in a crisis, It is not the first time this has happened. However, it is, without doubt, the most serious of the short history of the Grand Lodge of Spain. This crisis situation makes it essential to promote deep, meaningful and calm dialogue among all the Brethren and to take the necessary measures to ensure the best future for the Institution and the full return to the Masonic Regularity which, at this moment in time, is at risk.
- We consider it desirable that a change of course is executed through a mature use of the governing bodies of our institution, the Grand Lodge of Spain, without the necessity of recourse to legal mechanisms within profane society outside of our Order.
